Chairmans's Report

The tennis club continues to thrive financially although membership numbers have reduced because quite a few members have not renewed their subscriptions this year. Currently numbers are standing at 43 member units which equates to at least 67 players (down from 87 last year).

The club's finances are still very healthy, and we are still saving up funds for the long term to set against the cost of major resurfacing projects that are expected to be necessary eventually.

The court and fencing are still looking extremely good, despite the fence having experienced an unfortunate accident with a gardening tractor. All the damage has now been successfully repaired.

The bench in memory of Charlie Platten has been installed and is proving to be a useful addition to the tennis court and its surrounds.

Our thanks go to all the dedicated members who assist with the ongoing maintenance tasks.

If you would like to attend the AGM, or if you would like to join the committee of management and help with the running of the tennis club please contact Jeff Kempster as soon as possible.

Any views you may have about the running of the club and/or any constructive suggestions for improvements would also be most welcome.
